

# JOSE CAMPOS TORRES

joseluiscampostorres10@gmail.com | + 51 940 746 627 | Lima, Peru (GMT-5)

I am a 10th semester student in Systems Engineering with over 3 years of experience in Full Stack and DevOps development in various industries.

I specialize in transforming complex problems into simple and effective solutions by developing functional and secure applications and systems, with an attractive and intuitive design.

## TECHNICAL SKILLS

**Tecnologías Frontend:** Angular, NextJs, ViteJS, ReactJS, VueJS, HTML5, CSS3, JavaScript, Bootstrap, TailwindCSS, Sass, TypeScript, JQuery.

**Tecnologías Backend:** Java, Spring Boot, NodeJS, Python, PHP, Laravel, NestJS, Docker, Kubernetes, Sequelize, ExpressJS.

**Base de Datos:** PostgreSQL, MySQL, MongoDB, SQL Server, Oracle, Firebase.

**Cloud services:** Azure, AWS (EC2, RDS, S3).

**Otras Tecnologías:** Jenkins, GitLab CI, JMeter, JUnit, Kotlin, Android Studio, C++, Git, GitHub, Postman, Jira, Trello, Notion, Figma.

**Metodologías:** SCRUM, Agile, Kanban.

---

## EDUCATION

- National University of Cañete - January 2020 - **Current events.**
- Metropolitan University of Education, Science and Technology (UMECIT) - November 2023 - **November 2023.**
- CJava Peru (Full Stack Developer) - August 2023 - **May 2024.**
- British Peruvian Cultural Association (Basic English) - February 2023 - **February 2024.**
- Centro de Idiomas de la Universidad Nacional de Cañete (English intermediate) - August 2021 - **April 2022.**
- Centro de Idiomas de la Universidad Nacional de Cañete (Basic English) - April 2021 - **July 2021.**
- TDI Peru (Web Developer) - April 2021 - **May 2021.**

---

## PROFESSIONAL EXPERIENCE

### Ministerio Público - Fiscalía de la Nación

#### Software Engineer I

April 2024 - July 2024

#### Achievements:

- I designed and implemented a management system for Cañete, optimizing internal process management and improving operational efficiency. It included functionalities adapted to local needs.

**Tecnologías utilizadas:** PHP, Laravel, JavaScript, Bootstrap, HTML, CSS, MySQL, JQuery, Ajax, Jira, Github y Git, Scrum, Trello, Notion, Linux, Composer.

### Softaki - Technology and Innovation Consultant

#### Software Engineer I

Agosto 2023 – Marzo 2024

#### Achievements:

- I designed and developed RESTful APIs to integrate systems with Instagram and Facebook, implementing secure authentication, data handling and integration with external services.
- I created a web page with interactive animations, buttons and input fields with visual effects, using modern design techniques to improve the user experience.
- I collaborated in the development of ArquitechPro's website, participating in the structure of the site, The design of the interface and implementation of features to reflect the company's identity and services.

**Tecnologías utilizadas:** HTML5, CSS3, JavaScript, TypeScript, React, Angular, Bootstrap, NestJS, Node.js, MySQL, PostgreSQL, MongoDB, GitLab CI, RESTful APIs, Firebase, OAuth, Graph API, Instagram API, Facebook API. Scrum, Kanban.

## Ministerio Público - Fiscalía de la Nación

### Full Stack Developer

February 2023 - July 2023

#### Achievements:

- I designed and implemented a tailor-made system for UDAVIT (Unit of Assistance to Victims and Witnesses), improving the management of internal processes and operational efficiency with specific functionalities..
- I designed and implemented an internal tax registration system, facilitating efficient and secure information management with reporting and database integration.
- I managed and administered Ubuntu and Debian servers, performing maintenance, updates and monitoring.
- I implemented security measures, managed users and permissions, and optimized server performance to ensure smooth and secure operation.

**Tecnologías utilizadas:** Php, Laravel, JavaScript, Bootstrap, Html, Css, Mysql, JQuery, Ajax, Jira, Github y Git, Scrum, Trello, Notion, Linux, Composer.

## Peru Travels Team S.A.C

### DevOps Developer

January 2022 - January

2023

#### Achievements:

- I configured CI/CD pipelines with Jenkins and GitLab CI, reducing deployment time by 40% and accelerating continuous delivery.
- I used Docker to containerize applications, facilitating development in isolated environments and reducing production conflicts.
- I deployed and managed resources on AWS (EC2, RDS, S3), ensuring high availability and performance.
- I managed and scaled Docker containers with Kubernetes, improving application availability and responsiveness.
- I set up basic monitoring on Linux servers with top, htop and netstat to ensure the proper functioning of the system.
- I managed the version control with Git, ensuring efficient and organized source code management.

**Technologies used:** Jenkins, GitLab CI, Docker, Kubernetes, AWS (EC2, RDS, S3), Git, Linux servers.

## Full Stack Developer

January 2021 - December

2021

#### Achievements:

- I built and deployed web applications with React and Angular for the frontend, and Node.js and Spring Boot for the backend.
- I implemented features like protected routes, form validation and real-time communication with WebSockets.
- I migrated monolithic applications to microservices with Spring Boot, improving scalability and resilience. I designed RESTful APIs and optimized database queries.
- I optimized the frontend with lazy loading and minification techniques and grouping of CSS and JavaScript files.
- I improved the API response by 35% by optimizing SQL queries and configuring caches.
- I developed automated tests with JUnit and JMeter, achieving 50% coverage and early detection of errors.
- Implemented backend applications in Java with Spring Boot, integrating external services and managing relational databases.
- I developed applications with Laravel, achieving a quick implementation and a clear code structure.

**Tecnologías utilizadas:** Java(8,11,17), Spring Boot, JavaScript, React, Angular, Vue, Node.js, Express.js, Laravel, SQL (MySQL, PostgreSQL), HTML5, CSS3, Git, Github, Kurbenetes, Docker, RESTful APIs, Firebase, JUnit, JMeter, Bootstrap.

## Hi – Net International

### Web System Developer

January 2020 - December

2020

#### Achievements:

- I developed a Help Desk system to manage and resolve issues 90% efficiently.
- I developed a sales system for restaurants, improving their efficiency and productivity by 80%.
- I developed the company's website, increasing its visibility and attracting the general public by clearly presenting the services offered, This resulted in an 80% improvement in customer acquisition.

**Tecnologías utilizadas:** Php, Laravel, JavaScript, Bootstrap, Html5, Css3, Mysql, JQuery, Ajax, Jira, Github y Git, Scrum, Trello, Notion.

## CERTIFICATIONS

- ✓ **Certified in Scrum Fundamentals Certified**, ScrumStudy, 2024, Lima, Peru.
- ✓ **Full Stack JavaScript Developer**, Udemy, 2024, Lima, Peru.
- ✓ **Full Stack Programming Certification**, CJAVA Peru, 2024, Lima, Peru.
- ✓ **Java Expert**, CJAVA Peru, 2024, Lima, Peru.
- ✓ **Java Developer**, CJAVA Peru, 2024, Lima, Peru.
- ✓ **Java Programmer**, CJAVA Peru, 2024, Lima, Peru.
- ✓ **Certification in JavaScript Algorithms and Data Structures (Beta)**, FreeCodeCamp, 2024, Lima, Peru.
- ✓ **Certified in Complete Web Development (JS, PHP and MYSQL)**, Udemy, 2024, Lima, Peru.
- ✓ **Certificación en SQL and Relational Databases 101**, Cognitive Class, 2024, Lima, Perú.
- ✓ **Certification in Programming with JavaScript**, Fundación Telefónica, 2024, Lima, Peru.
- ✓ **Certification in Introduction to Programming**, Fundación Telefónica, 2024, Lima, Peru.
- ✓ **Project Management with Agile Methodologies and Lean Approaches**, Fundación Telefónica, 2024, Lima, Peru.
- ✓ **Certification in UX Fundamentals**, Fundación Telefónica, 2024, Lima, Peru.
- ✓ **Certification in Fundamentals of Programming**, Fundación Telefónica, 2024, Lima, Peru.
- ✓ **Certification in Web Design with HTML5 and CSS**, Fundación Telefónica, 2024, Lima, Peru.
- ✓ **Certified as Front End Developer**, CJAVA Peru, 2023, Lima, Peru.
- ✓ **PCAP: Programming Essentials in Python**, Cisco Networking Academy, 2023, Lima, Perú.
- ✓ **Certification in Fundamentals of Information Security**, Secretariat of Government and Digital Transformation of the Presidency of the Council of Ministers, 2023, Lima, Peru.
- ✓ **Certification of the V International Congress of Systems Engineering and Scientific Research 2023**, National University of Cañete, 2023, Lima, Peru.
- ✓ **Professional Certification in Scrum Foundation (SFPC) - 2020 Edition**, CertiProf Iberoamérica, 2023, Lima, Peru
- ✓ **Certificate of Participation in the Course on Programming with Java**, GEM Educational Association, 2023, Lima, Peru.
- ✓ **Certification in the Creation of a Help Desk System**, Udemy, 2023, Lima, Peru.
- ✓ **Certificate of Participation in the Landing Page Web Development Course for Business Projects**, GEM Educational Association, 2023, Lima, Peru.
- ✓ **Certificate of the IV International Congress on Research and Information Technologies 2022**, National University of Cañete, 2022, Lima, Peru.
- ✓ **Certification in Training of Operating Systems and Databases**, National University of Cañete, 2022, Lima, Peru.
- ✓ **Certification at the Conference on Software Development**, National University of Cañete, 2022, Lima, Peru.
- ✓ **Certification at the Digital Transformation Conference**, National University of Cañete, 2022, Lima, Peru.
- ✓ **Certification in the Specialization Course in Web Environment Informatics**, National University of Cañete, 2022, Lima, Peru.
- ✓ **Certification of the III International Congress on Research and Information Technologies 2021**, National University of Cañete, 2021, Lima, Peru.
- ✓ **Certification in Application Development with Angular Framework and Firebase Platform**, National University of Cañete, 2021, Lima, Peru.
- ✓ **Certification in the Cloud Services Infrastructure Course-Workshop**, National University of Cañete, 2021, Lima, Peru.
- ✓ **Certification in Machine Learning Oriented to Pattern Recognition**, National University of Cañete, 2021, Lima, Peru.
- ✓ **Certification in the Course-Workshop of Technological Singularity**, National University of Cañete, 2020, Lima, Peru.
